Along Davis' Creek

I will try and write a few lines from this section as I haven't seen any thing in your paper from this part of the country.

Xmas was spent very quietly, all seem to enjoy exchanging Xmas dinners.

Mr. Hunter Moore spent Xmas with his son, Sam Moore, and enjoyed the pleasure of hunting, he killed 4 nice turkeys.

Mr. and Mrs. Duliguid Christian, of Baltimore, M. D., spent the holidays with their parents Mrs John Booker, and Mr. A. B. Thornhill.

Mr. John Beal was taken back to Lynchburh Friday to undergo another operation. His many friends are sorry to hear of his illness.

Mr and Mrs. H. R. Cash, and son, Earl, and little daughter, Virginia, spent Xmas with Mr. Wells.

Mr Ben Thornhill and Miss Thelma Jamerson were quietly married Dec 23. So wedding bells is still ringing who will be next

Mr. George Dixon, of Hinton, W. Va., was a visitor to his aunt, Mrs Charlie Phelps, during Xmas.

It keeps wet and bad and nothing for farmers to do but cut wood, feed stock and strip tobacco.

Miss Olivia Booker, of Richmond, spent Xmas with her home people.

Mr. Johny Childress, of W. Va., spent the holidays at home.

Mrs. W. W. Thornhill who has been in bed for more than six weeks is up again.

Miss Annie Thompson who has been on sick list for some time is improving.

Mrs. Sis McCormick is very ill, she has been an invalid for more than seven years.

In the condition the roads are in I don't see how the delivery mail carriers can make it for the roads are just awful. One horse can't pull an empty buggy up Buck Holler, and from Well's Creek to Tower Hill they are no better

Piney Mountain

W. H. Barlow, of W. Va. spent the holidays with his people ot Piney Mt.

We missed William Bingham very much at Appomattox and Piney Mt during the holidays. But Bill is keeping warm in Fla.

Dan Ferguson bought a pig from J. R. Bingham last year, when he killed it, it was so large that they had to hook a horse to it to pull it out of the tub.

Mrs. Edd Marsh is up again after a bad case of rheumatism. Hope she will continue to improve.

Madeline Bingham spent the week-end with her cousin, Lucille Lucado.

Card of Thanks

We take this method to thank all of our good friends of Appomattox for their kindness shown us during the illness and death of our beloved wife, and mother.

CHEVROLET

in Chevrolet History

TRULY the most beautiful Chevrolet in Chevrolet history! Truly an achievement which must immediately change all existing ideas as to what the buyer of a low priced car has a right to expect for his money!

Here is the irresistible appeal of unbroken, flowing body lines—of modish new Duco colors, fashionably striped—of notable smartness—of that flawless silhouette regularly associated with the costliest of custom-built creations.

Here are score after score of advancements in design, literally too numerous to list completely—but typified by one-piece full-crown fenders, bullet-type lamps, coincidental steering and ignition lock and large 17-inch steering wheel.

Here is definite assurance of longer life, more satisfactory operation and even greater economy—for all models are equipped with a new AC oil filter and an improved AC air cleaner!

Such features as these are usually found only on cars costing up into the thousands. They are marks of distinction on the world's finest automobiles. Yet these are now offered on The Most Beautiful Chevrolet because the spectacular growth of Chevrolet popularity has sent Chevrolet production to tremendous volume—*and only the economies of tremendous volume plus inspired engineering make possible the manufacture of so fine a car to sell at Chevrolet prices.*

NOTICE

At a meeting of the Board of Supervisors of Appomattox County, held December 8th, 1926.

It appearing to the Board that claims are continually being presented to it for payment for stock that have died and have been killed by dogs, other than their own, which claims do not prove the fact that said stock had hydrophobia, but are only proven by the opinion of friends and neighbors, and that said fowls were actually injured and killed by dogs; it is therefore ordered, that in the future, persons presenting such claims, in order to secure payment therefor, must establish the fact that said stock or animals had hydrophobia (which fact can be definitely ascertained by sending the head of such animal to the State Chemist for analysis), or that said fowls were actually injured and killed by dogs other than their own.

By Order of the Board,

Marshall — Golladay

A nice little home wedding was solemnized third Christmas day, Dec. 27th, when Miss Mary D. Marshall, one of South Side's well known girls, and school teachers was married to Thomas Martin Golladay, of Buffalo Station, Nelson County, Va. The ceremony was performed by the bride's pastor, Rev. Burnette, at the home of the bride's parents, Mr. and Mrs. N. D. Marshall, in the presence of a number of relatives and friends, all of whom were dinner guests. The bride was very becomingly attired in a traveling suit, with accessories to match. Amid a shower of rice, the happy couple left immediately after the ceremony, for Washington, D. C. and points East. After Jan. 1st Mr. and Mrs. Golladay will be at home at Buffalo Springs, where the groom is a prosperous merchant.

Infant

Frances Clair Akers, the 3 yr. old baby of Mr and Mrs. Geo. H. Akers, of Spout Spring, died at her home Dec. 21, 1926. She leaves to mourn their lost, father and mother, and two sisters, Georgie and Rachel. She was buried Wednesday P. m. at Reedy Spring cemetery.

We did not want to part with her,
But God knew what was best,
Some day we hope to meet her
In that sweet land of rest.

Butter Used in 450 B. C. to Keep Hair Smooth

Sioux Falls, S. D.—Sleek hair, the pride of modern youth, was "old stuff" to the Greeks and Romans around 450 B. C. Only the ancient Greeks and Romans went the modern one better and used butter for to do the trick, according to Prof. W. B. Combs of the dairy division of the University of Minnesota, speaker at the National Butter Makers' association annual convention here recently. "After studying the history of butter," Prof. Combs said, "I have concluded that butter substitutes must have been introduced in the year 2000 B. C., when the tribes of East India, who used butter in their hottest sacrifices, used substitutes for their less hairy offerings.

Man Uses Vicar's Phone to Place Bet on Horses

London.—Rev. George Potter, vicar of St. Chrysostom's, Peckham, who has always permitted all of his 8,000 parishioners to use his telephone, has announced that he will censor all calls in the future.

He declared youths' lengthy calls to girl friends and "delayed at the office" calls cannot be permitted from his home.

"One man came in recently," he said, "and asked if he might use the phone. He called his bookmaker and asked him to 'put $1.25 each way on that horse.'"

Latest Fad

Pittsfield, Mass.—The latest fad for girls is to take a stroll with a hopping white rabbit held by a leash.

Own Domestic Affairs Baffle Puzzle Expert

London.—Alfred Harry Mutton used to be butler at Hanover square, in which fashionable quarter his wife exercised her talents as a cook. With the changing times, however, a change came in the Muttons' scheme of life. The ex-butler developed recently into a "competition solutionist"—a profession the pursuit of which resulted in a serious rift in the formerly well ordered Mutton household.

When Mr. Justice Hill, before whom the Muttons appeared to thrash out their difficulties, inquired what a "competition solutionist" might be, Mr. Mutton explained that he solved crossword puzzles and other newspaper prize puzzles for the benefit of a large circle of paying clients.

"I win prizes for other people," stated the competition solutionist, perhaps with a mean look in the direction of the errant Mrs. Mutton.
